ABOUT THIS REPORT

This report seeks to track and illustrate the impact of Xakwa Holdings's Social outreach programs particularly in the field of education and sports. Xakwa Holdings and it's subsidiary Xakwa Foundation was entreated to be a sponsor of the Crawford Pretoria's soccer and netball teams who where to compete at the Inter Crawford Winter Sport Festival 2024 held in St.Lucia in Kwazulu Natal. The proposal for sponsorship aimed to raise funds for Crawford Pretoria's sports devision. The generous donations from Xakwa greatly assisted the devision with travelling arrangements by air to KZN and back. Additionally the donation assisted in making special taiolored kits, for all the schoalrs on the the soccer and netball squads in all three age categories. Staff members where also accomodated for with their own casual sports gear. The three day sports extravaganza was a great success and a huge charm for the kids who travelled in style and got to experience the beuaty that is KZN.

The motivation behind Xakwa's involvement was to assist in encouraging young learners to hone in on their talents in the field of sports. Because these kind of excersises can be financially strenous to parents, we as a sponsor where glad to contribute, so that leaners can experience this great opportunity. Further more our aim is to benefiate our relationship with different institutions of learning be it public or private schools.
