1. ABOUT THIS REPORT

This report seeks to track and illustrate the impact of Risenga Colliery's Social Development Programs through the implementation and guidance of The Xakwa Foundation team. This forms part of the Mine's commitment to annual impact assessment and transparent reporting to the Mine and all other Stakeholders. This report outlines short-term hunger alleviation progress and other social challenges that plague communities around the mine.

2. PROBLEM STATEMENT

As part of Risenga's social development programmes we aim to make a difference within the community surroundings farming communities. Through data collected by the Xakwa Foundation team, we were able to identify families who pleaded with us to assist with groceries. This marks the 3rd year Risenga Colliery assists with food parcels to the elderly members.

The families assisted are from Welgemeend, Opgooedenhoo, Kaalplas (Kwa-Mgoshi), Vetekrans and Morgester. These communities are directly affected by mining activities and are not active participants in business opportunities the mine brings. These are the most vulnerable members of the community, the sick, the elderly disabled.

A NOTE FROM XAKWA FOUNDATION

NOTE FROM XAKWA FOUNDATION

This impact report documents one of many SDP XAKWA HOLDINGS implemented through it's subsidiary, Xakwa Foundation. Our reports cover XAKWA HOLDINGS's social responsibility progress, implementation, and level of commitment as contemplated in the mining charter. We report on SLP, SED and ESD projects for the Xakwa Holding's mine assets on an ongoing basis through-out the mine's life span. As a responsible corporate citizen we advocate for great social, environment and educational participation with the area of the mine's interest.
