FOUNDATION OUTREACH PROGRAM AT KLIPGAT 21 APRIL 2023

## 1. ABOUT THIS REPORT

## 2. A NOTE FROM XAKWA FOUNDATION CHAIRMAN

## 3. KLIPGAT MASJID GROCERY DRIVE

## 1. ABOUT THIS REPORT

This report seeks to track and illustrate the impact of XAKWA HOLDINGS's Socio Development and CSI programmes through the implementation and guidance of The Xakwa Foundation team. This particular initiative is a humble gesture by the directors and founders of Xakwa Holdings to the community of Klipgat to demonstrate the importance of "giving back" as part of the company's core ethos. This report outlines short-term hunger alleviation progress and other social challenges that plague communities with no limitations to our mining radius.

## 2. PROBLEM STATEMENT

As part of Xakwa Holdings social development programmes we aim to make a impact within the economy of South Africa and our mining communities. Through data collected by the Xakwa Foundation team, we were able to identify KATLO DEVELOPMENT CENTRE who are instrumental in the community of Klipgat in assisting in feeding schemes to the unemployed, creches, orphans, troubled youth children living with disabilities and the general up keep of the centre where they operate. We were asked to assist with groceries and day to day cleaning materials. The centre is in the care of volunteers and some members of the Islamic Masjid, naturally when the request for assistance came we had to head the call. We intend on assisting this center at least 4 times a year if not more.

## A NOTE FROM XAKWA FOUNDATION CHAIRMAN

It's easy to get lost in the day-to-day operations of running a business. But it's important to remember that businesses don't exist in a vacuum – they're part of the communities where they operate. As such, it's crucial for our businesses to give back to not just our host communities but where we grew up and where we call a place a home. Not only is it the right thing to do, but it also benefits the bottom line. Food security, poverty eradication and employment opportunities have become everybody's concern and not just the government's responsibility.

It's important for XAKWA FOUNDATION on behalf of XAKWA HOLDINGS and its subsidiaries to give back to the community because it helps create a better world for everyone. We believe that when you invest in the community, we are investing in the future of our business. Not only is our vision that of goodwill and brand loyalty amongst stakeholders We are deeply invested in making long term impact on those who are most vulnerable in society. Our CSI outreach programmes are designed to assist with food parcels, school uniforms, sport support sponsorships etc. This particular initiative is close to my heart as it is from a place i grew up. The Islam community of Klipgat reached out to support with food parcels at the Masjid, we were thrilled and honoured to lend a helping hand.

Thanks to our dedicated team, Xakwa Foundation's work has become exemplary in encouraging others to volunteer not just money, but time and impart skills where it's needed most.

"social, educational and environmental advocacy"

**"We make a living by what we get, but we make a life by what we give."**

**- Winston Churchill**

## A NOTE FROM XAKWA FOUNDATION

**XAKWA Foundation is a Non-Profit Foundation with the vision of bringing transformation to communities within areas XAKWA has mining operations, through the implementation of sustainable initiatives that will bring hope and opportunities to our people.**

**It's prudent that we take business decisions linked to ethical values, compliance with legal requirements and respect for people, communities and the environment. This is evidenced by a comprehensive set of management endorsed policies, practices and programmes which are integrated throughout XAKWA's business operations and decision - making processes. Corporate social investment (CSI) is external to the normal business activities of a company and is not primarily undertaken for purposes of increasing company profit, nor is it driven primarily as a marketing initiative, although it helps XAKWA develop a competitive advantage and relationship with communities. Our SDP and SLP initiatives/projects aim to assist, benefit and empower marginalised individuals and communities. Our CSI initiatives form a significant part of the contribution to HDSA communities and we are proud to spearhead this very important component of Xakwa Holdings.**

**Antonio Skele**  
Public & Stakeholder Coordinator
